PROJECTS

JRDEVS

Capstone Project July 2016
jr-devs.com

- Collaborated with group to create web app that teaches kids 10+ how to code in Ruby
- Followed a modified Agile/Scrum workflow and used Git daily for source control
- Used ReactJS to create a Single Page Application
- Styled using MaterializeCSS
- Built Persistent Storage/Database with PostgreSQL

FEED

DPL Group Hackathon Winner June 2016
<https://github.com/mghadley/feed>

- Web app that allows the user to upload, share, and discover new recipes with friends
- Created a database using PostgreSQL that allows users to save and retrieve data
- Collaborated with team members using Git
- Used Heroku to host the site for access by friends and family

EXPERIENCE

STYLIST

Alice Lane Home Collection
Jan 2016 - May 2016

Designed spaces daily according to customer profiles, making the company over \$50,000 in revenue

OWNER

La Pionera, LLC
Nov 2014 - Current

Curated collection of handmade bags imported from Bolivia, and provided art direction for all content on website and social media

INTERN

Global Support & Acquisitions,
LDS Church History
Sept 2014 - Sept 2015

Quality-checked and prepared over 200 backlogged documents received from Latin America and consistently kept team current with incoming material

ILLUSTRATOR

New World Archaeological
Foundation
Feb 2014 - Aug 2014

Prepared images for publication and research using Adobe CC programs
